

International Innovative Systems  
PO Box 1056  
Bradford, ON  
L3Z 2B5

March 9, 2007

To whom it may concern:

We have been buying TPS TVSS products from International Innovative Systems for over three years.

During this time there have been no reported field performance or service concerns brought to my attention. John Shames has been instrumental in solving transient voltage issues with customers of Rockwell Automation products, as well.

I have no reservations in recommending their TVSS units to solve transient voltage problems.

Sincerely,  
Rolf Bodendorfer
